I. BACKGROUND

On June 8, 2010, an invitation to apply for eligibility and to bid for the subject project was posted at the NPC website for all interested bidders/contractors holding Small B Category C or D PCAB License.

The Pre-bid Conference and the Bid Opening as scheduled on June 15, 2010 and June 28, 2010 respectively was not held since there was no interested contractor who purchased the bidding documents until the prescribed deadline.
